

GENERAL PUBLIC: Filters can last for up to **3 MONTHS** unless washed

MEDICAL STAFF: Filters can last for up to **3 WEEKS** unless washed

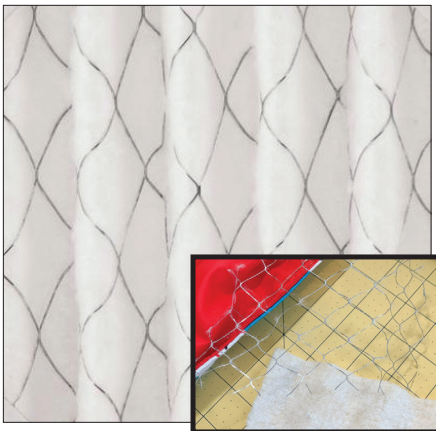

If filter goes through the washing machine, trash and replace with new filter

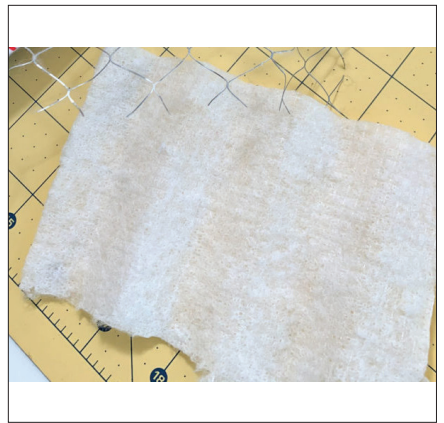

1.) Use Honeywell Elite Allergen Air Filter FPR 10 (the 20" x 20" can make up to 23 filters). Unpackage filter.

2.) Carefully peel off the cardboard as to not tear or stretch the filter fibers.

3.) Following the removal of the cardboard, carefully peel of the wire mesh as to not tear or stretch the filter fibers as well.

4.) Using a ruler and scissors, cut the air filter into squares of 5 1/2" x 7 1/4". Replace face mask filter following the instructions above, based on type of use of mask.
